

TECHNICAL SPECIFICATION

Name	PEARL SHELL SEALING MACHINE
Power Supply	220 / 240 V, 50 / 60 Hz
Power	500 W
Max. width of sealing	300 mm
Sealing band height	12 mm
Temperature range	90°C to 210°C
Product size	517x283x205 mm
Net weight	8.8 KGs

PEARL SHELL

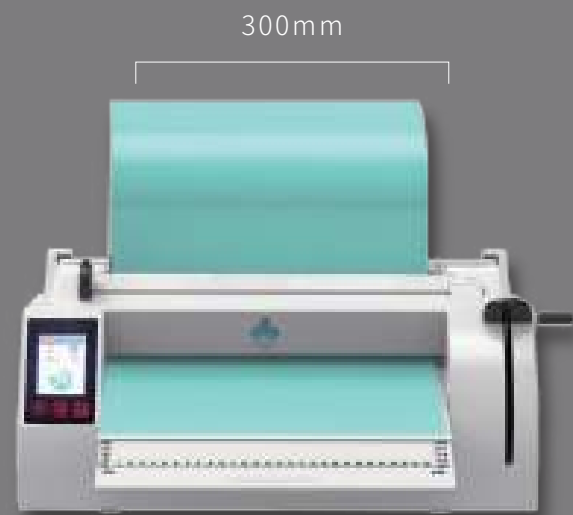

sealing machine

GROUNDBREAKING FEEDING SOLUTION

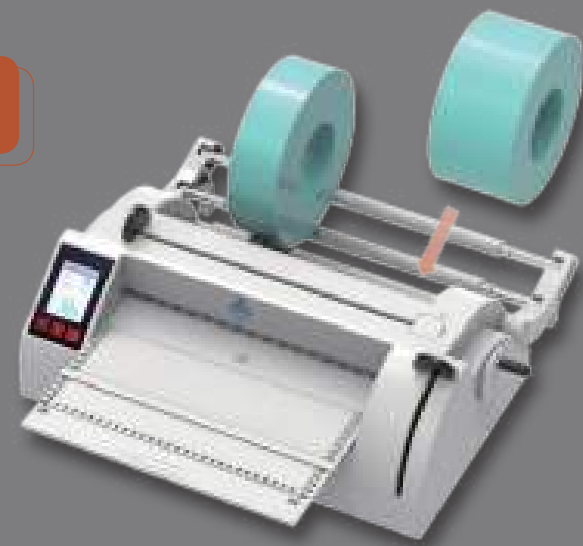

Wide sealing width

Even if it's a 300 mm wide sterile pouch, it's easy to handle.

Sterile pouch free from loading

Thoughtful loading design of pouch rolls, free nurses from tedious and laborious work.

Groundbreaking paper-feeding

Eliminate the troubles during feeding paper, which also reduce the working load of clinical nurses. Efficiency are achieved at least 2-times faster.

Friendly human computer interface

LCD display, acoustic & visual prompt, paper-cutting counts, over-temperature protection, Standby protection, Overtimereminder.....

Joint Development of a **China-Austria** Team
